

Tikanga Rangahau DVD

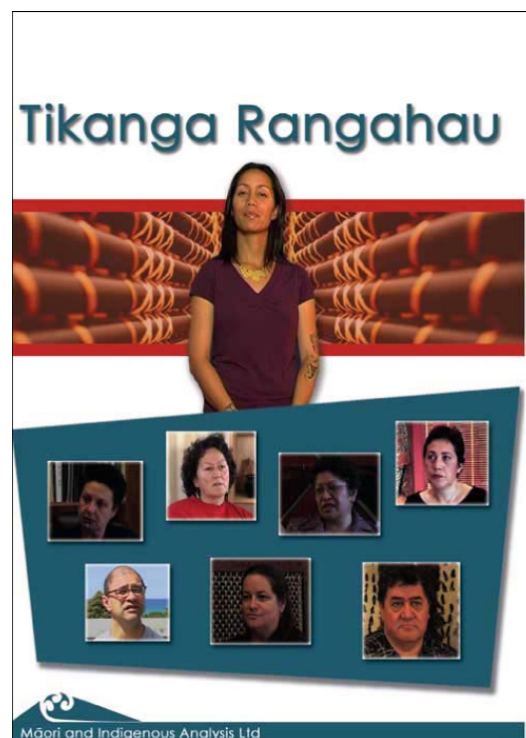

Designed as an easily accessible teaching, learning and research tool, this DVD provides academics and researchers with extensive understandings of Kaupapa Māori methodologies in research. The DVD is made up of interviews with a range of senior Māori researchers in the following sections:

- Introduction
- Kaupapa Māori Methodology
- Decolonising Research
- Research Methods
- Ethics
- Critical Analysis
- Concluding statements

Each section explores key issues for researchers and articulates clearly the elements and expectations of a Kaupapa Māori methodological approach.

The Māori researchers interviewed include:
